Disposable medical products

Company Profile

Aimax Medical SA belongs to Aimax Group from Wuhan, China.

Aimax Group has seven subsidiaries: Wuhan Aimax Trade Co., Ltd., Aimax Medical Products Co. Ltd., Aimax Non Woven Fabric Manufacturing Co., Ltd., and Aimax (Wuhan) Technology Corporation, Aimax Trade (Ningbo) Co., Ltd., Aimax Corporation (US), Aimax Medical SA (Switzerland).

Aimax Group not only produces polypropylene non-woven fabric material and medical products, but also has a sterilization center, does research and development, test and technical consultation. Aimax Group also offers disposable virus sampling kits - VTM (Viral Transport Medium) and UTM (Universal Transport Medium) for nasal and saliva testing, and 1 ml and 3 ml syringes for COVID-19 vaccinations.

The headquarter Wuhan Aimax Trade Co., Ltd. was founded in 2005 and has been operating in the medical business for 17 years. The business lines cover polypropylene and polyethylene disposable protective products, wound care dressing kits, medical bandages, medical instruments products. It has obtained the medical device production licenses from the CFDA, certificates of ISO13485, CE, and FDA in the USA. The products are supplied to medical and hospital markets in more than 100 countries and regions, for example in the USA, Europe, the Middle-East, Africa and South-East Asia. For more than 17 years, Wuhan Aimax Trade Co., Ltd. has been an indirect supplier for medical and hospital clients in Switzerland, including CHUV (Vaud university hospital center), HUG (Geneva University Hospitals), Hospital of Canton of Fribourg, Hospital of Canton of Valais, Hospital of Canton of Bern, Clinic La Source, Clinic La Prairie and Hirslanden Group.

Aimax Medical Products Co., Ltd. manufactures medical protection products for Aimax Group. With a total investment RMB 280 million in 100,000 m2 of land, 100,000 m2 of built area and 6000 m2 of cleaning room (workshop) of 100,000 Class, it has production lines for protective face masks, surgical face masks, isolation gowns, surgical gowns, protective coveralls, nurse bouffant caps, disposable shoe covers, PE gloves (EVA copolymer gloves), medical bandages, gauze compress, abdominal sponges, dressing sets, and surgical kits.

There are 20 automatic production lines for surgical face masks, 500 isolation gown & protective coverall production machines, one microbiological test room (including a positive control room, a microorganism room and a sterile room) and 5 non-woven fabrics and meltblown fabric production lines in building.

It produces 20,000,000 pcs of masks and 3,000,000 pcs of gowns every month.

To improve even further our supply and fast delivery as well as more competitive pricing, Aimax Medical SA has been recently created in Lausanne having a warehouse in Switzerland. Reducing long distance transport costs, facilitating delivery in Switzerland, as well as in Europe, and creating employing opportunities is our goal.

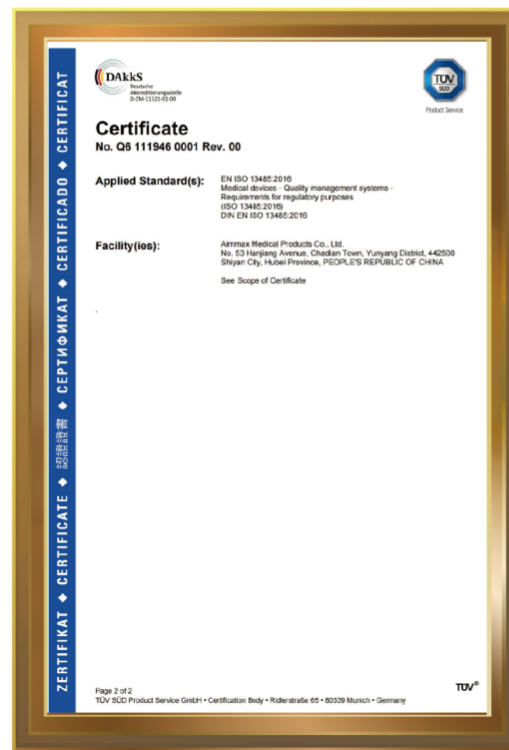

Aimax's Group principle is to constantly offer reliable, innovative and high quality products and services.
